KENTUCKY'S INFAMY.

In a brief submitted to the Court of Appeals, State Senator CHARLES J. BRONSTON of Lexington, the well known Democratic leader, says of the principles and objects of the Goebel Election Law: "The measure viewed from a purely political standpoint, is cowardly, corrupt and dishonest. "Cowardly, in that it forces a great party, which has attained complete local success by persistent adherence to fixed principles of exact equality of the citizen, free and equal elections and local self-government, to abandon such principles and ask future advancement by the use of power so concentrated and arbitrary as to offend all sense of fair dealing. "Corrupt, in that it creates a political machine and makes it possible for a free people to be governed by a boss whose greed for official power will supplant all interest, however dear, of the individual citizen. "Dishonest, in that, under the plausible pretense of preventing fraud, it opens wide the avenue for unpardonable fraud, as to become repulsive to the traditions of the party whose fair name the promoters of this measure seek to degrade. The intelligent and courageous manhood of this state will never submit without protest to the use of such arbitrary and autocratic power, and the political party which assumes the burden will surely be crushed under its self-destructive weight. "May I beg to state to this honorable Court that the only hope of the citizens of this Commonwealth for relief from such radical invasion of constitutional rights lies in this Court. Partisan and political minorities, when once clothed with such power, will never surrender it. If this act is judicially approved by the highest Court it will never be repealed, and only amended to increase the powers therein conferred. The majority now will effectively use it, and if perchance the opposing minority should succeed to power, they, too, will keep and use it."

The Federation of Labor at Kansas City appears to have usurped the powers of Congress at Washington.

COLONEL D. G. COLSON of the Fourth Kentucky will be a candidate for the Republican nomination for Appellate Judge from the Third District.

THE National Bank of Cincinnati has \$391,110 44 in individual deposits—\$391,110 of which probably belongs to Editor JIM ALLEN and 44 cents to the other newspaper man of that enterprising city.

THE Agricultural Department estimates the crops of corn and oats for 1898 as worth \$28,000,000 more than the same crops for 1897. Is Secretary ALGER or the defeat of BILL JEN BRYAN responsible for this—both or which?

THE American Federation of Labor in its annual convention at Kansas City adopted resolutions opposing a large standing Army and the policy of Expansion. Fortunately there's no law which prevents these mouthsmiths from making fools of themselves.

THE country's all right now. WILLIAM JENNINGS BRYAN, having failed to save the country with his sword, resigned his commission and has now enlisted in the work of saving it with his mouth, which is, with him, a much more formidable weapon than the sword.

TO SEVERAL of his friends at Washington Mr. BRYAN said that the issues of 1900 would be those of the last Chicago platform, with an anti-Expansion plank added. Doesn't the Colonel think the Free Silver foolishness heavy enough to sink the old scow without adding the anti-Expansion lumber?

SINCE President McKINLEY has been speaking to the Southern people some one has proposed Major McKINLEY and General J. WHEELER as the ticket for 1900. They would make an invincible team,—a Federal and a Confederate soldier,—and the way they would sweep the country, North and South, would put a Kansas cyclone among the back numbers.

THE anti-Expansionists are just now terribly concerned lest President McKINLEY is going to permit the Constitution to be utterly destroyed by his program of territorial Expansion. The Hartford Courant takes occasion to remind these much worried cattle that Alaska remained under military government for fifteen years after the transfer of ownership from Russia to the United States. It is not governed now as New Mexico, Arizona and Oklahoma are governed. It is in a class by itself. Yet the Constitution still survives in a fair degree of health and vigor.

THE Philadelphia Ledger hopes Admiral Dewey is happy in the reflection that, since he could not return to the United States, the United States has been extended to his vicinity.

THE goods have been delivered according to promise. The St. Louis Globe-Democrat says the National Republican platform adopted in St. Louis in 1896 reads like a statement of what has been accomplished since that year.

THE conviction is gaining ground in excitable Paris that war between France and England is inevitable. If there is a country on earth that needs a good thrashing its front name is France, and if there is an old fellow who can do the job to the Queen's taste his first name is John Bull.

THE Federation of Labor adopted a resolution at Kansas City denouncing "an autocratic Navy." The Times-Star remarks that it is the first word that has been spoken against the Navy since DEWEY won his glorious victory. Most of us will thank God that the Navy was "autocratic," if "autocracy" had anything to do with the battles of Manila Bay and the 3d of July.

The protest of labor organizations against a standing Army is easier to understand. Yet the increase proposed by Congress means practically the taking of 100,000 men from the laboring classes, making 100,000 places to be filled from the overcrowded ranks of labor. As for the competition of Asiatic labor in the Philippines, there is absolutely nothing to fear. The same Tariff enforced against Japan, where enterprise, cheap labor and modern machinery combined have not succeeded in injuring our domestic industries, will be enforced against the Philippines.

Samuel Hamilton of Petra, Bracken county, has gotten an increase in his pension from \$6 to \$8 per month.

Mr. J. O. Pickersell is now with John I. Winter, the bustling furniture and agricultural implement dealer.

Elder George Darsie recently preached his twenty-first anniversary sermon as Pastor of the Christian Church at Frankfort.

A. H. LONG, a tenant on the Adam Decker farm, near Nitany, Pa., this year raised 1228 bushels of corn on scant eight acres of ground. This would be 153 1/2 bushels to the acre.

Mrs. F. S. Lee and Mrs. H. G. R. Wright were elected from Arapahoe county to the Colorado Legislature. Mrs. Helen L. Grenfell is elected State Superintendent of Public Instruction.

The Police Judge of Hopkinsville has furnished the saloon keepers with an inebriate list made up of those drunkards who have been arraigned in Police Court and it is a \$50 fine for anyone to sell an inebriate intoxicating liquor.

"Don't say a word; I'm going through the money drawer, and I'll divide with you," said the errand boy to a young lady who stays with the Traxel Confectionery Company. And he swiped a handful of pennies which he gave the girl, saving fifty cents for himself. And then he went out into the wide, wide world to have a hot time.

Mrs. Bertha Parker Schmid, wife of John Schmid, a compositor on The Cincinnati Post, died yesterday morning at Cincinnati. She was 25 years of age and died of blood poison. The family formerly resided in this city. Mrs. Schmid's mother, Mrs. John C. Newton, now living at Vaneburg. Mr. Newton in 1878-79 published a Directory in this city.

Jamaica has the largest fruit plantation in the world, of which 28,000 acres are owned by an American company, and the other 18,000 acres are held under lease by the same company, making the total acreage owned and operated by it 46,000. This company owns and employs in the fruit-carrying business twelve steamers, and last year shipped to America and elsewhere.
